Corrective Actions

Integrations

## Where We're Driving Value

**Logistics & Warehousing**

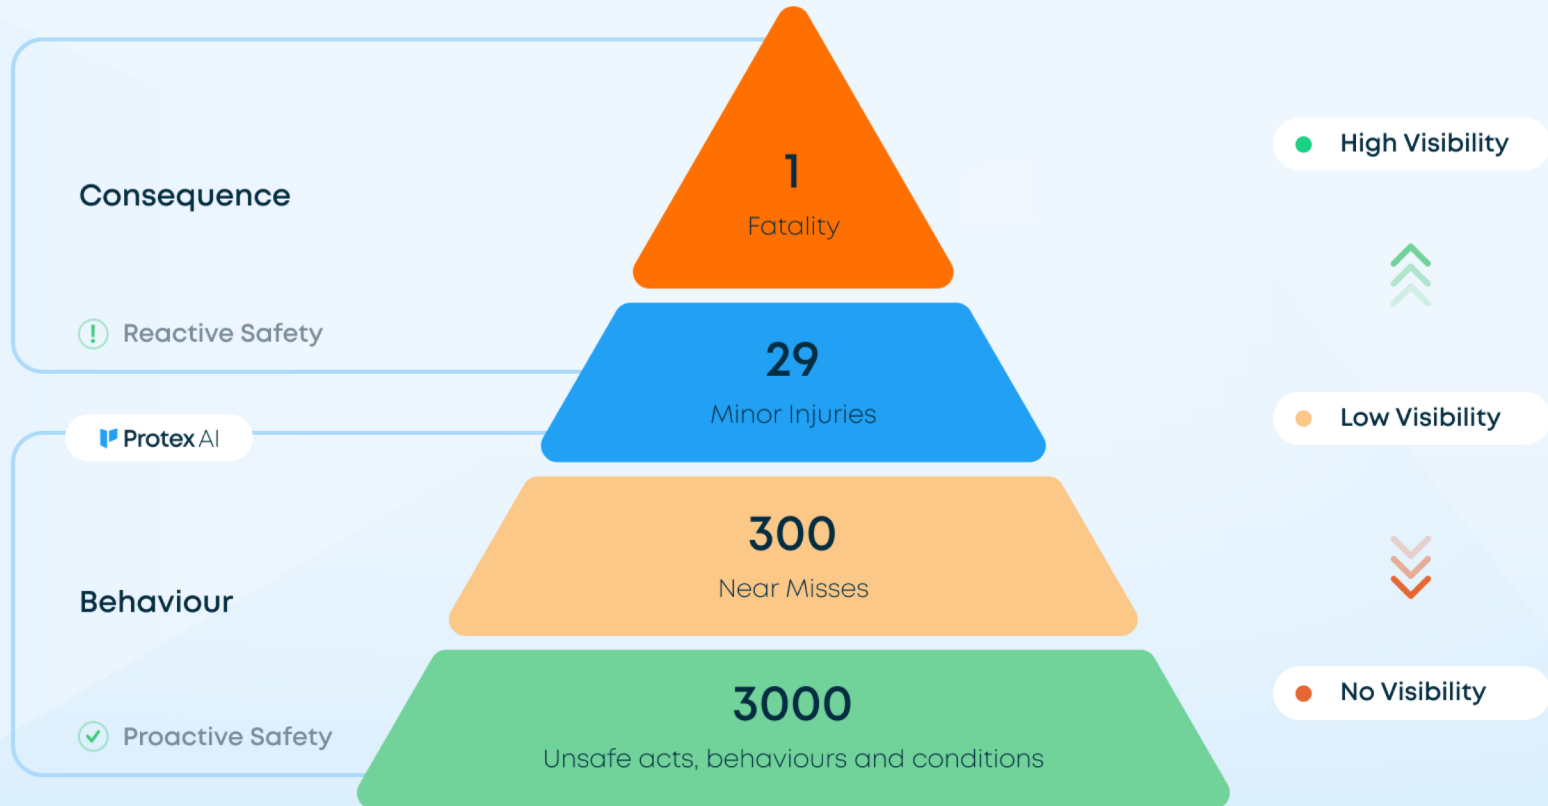

**Manufacturing**

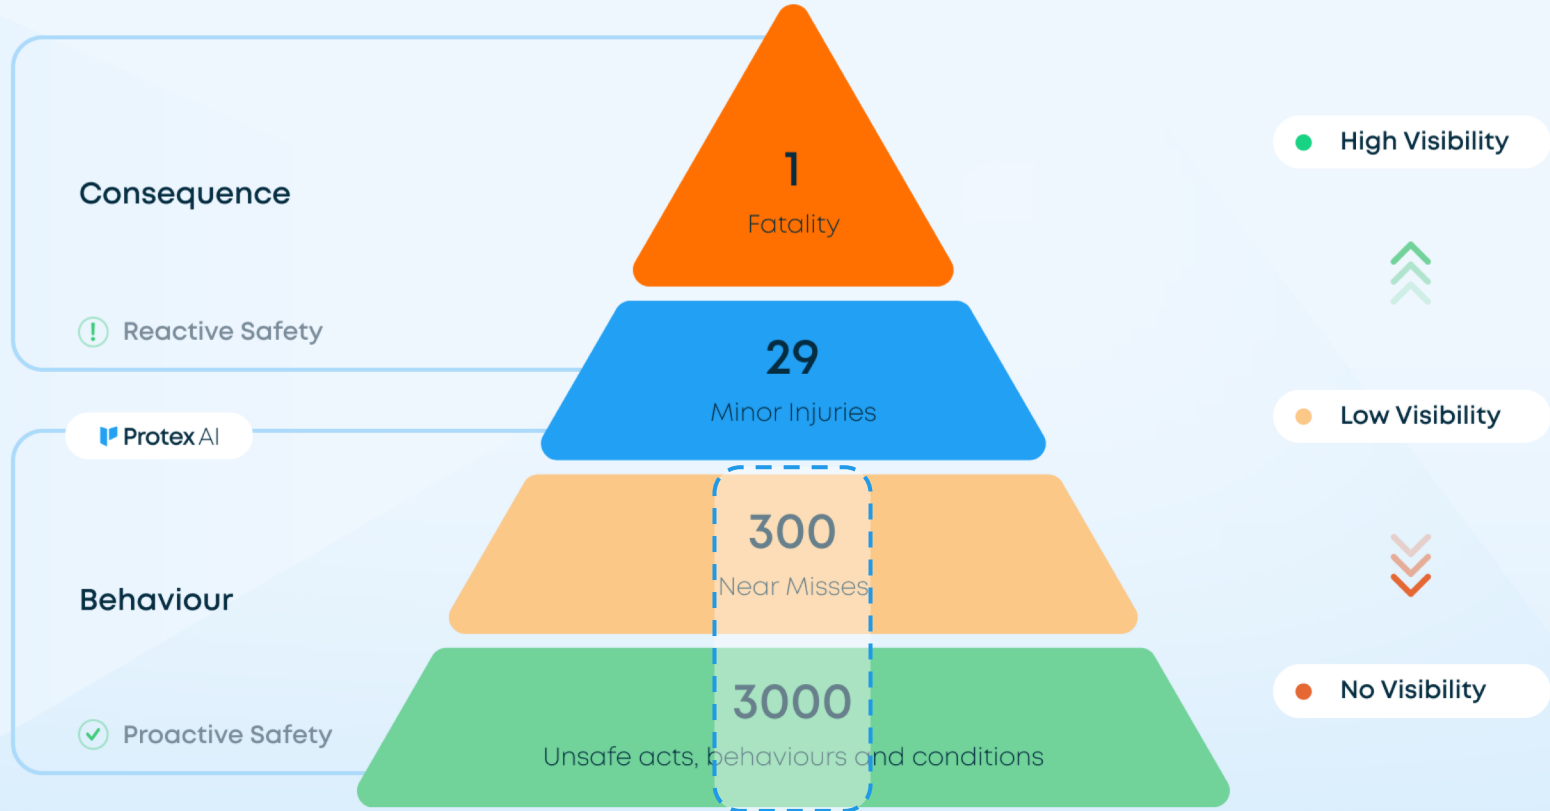

**Ports & Maritime**

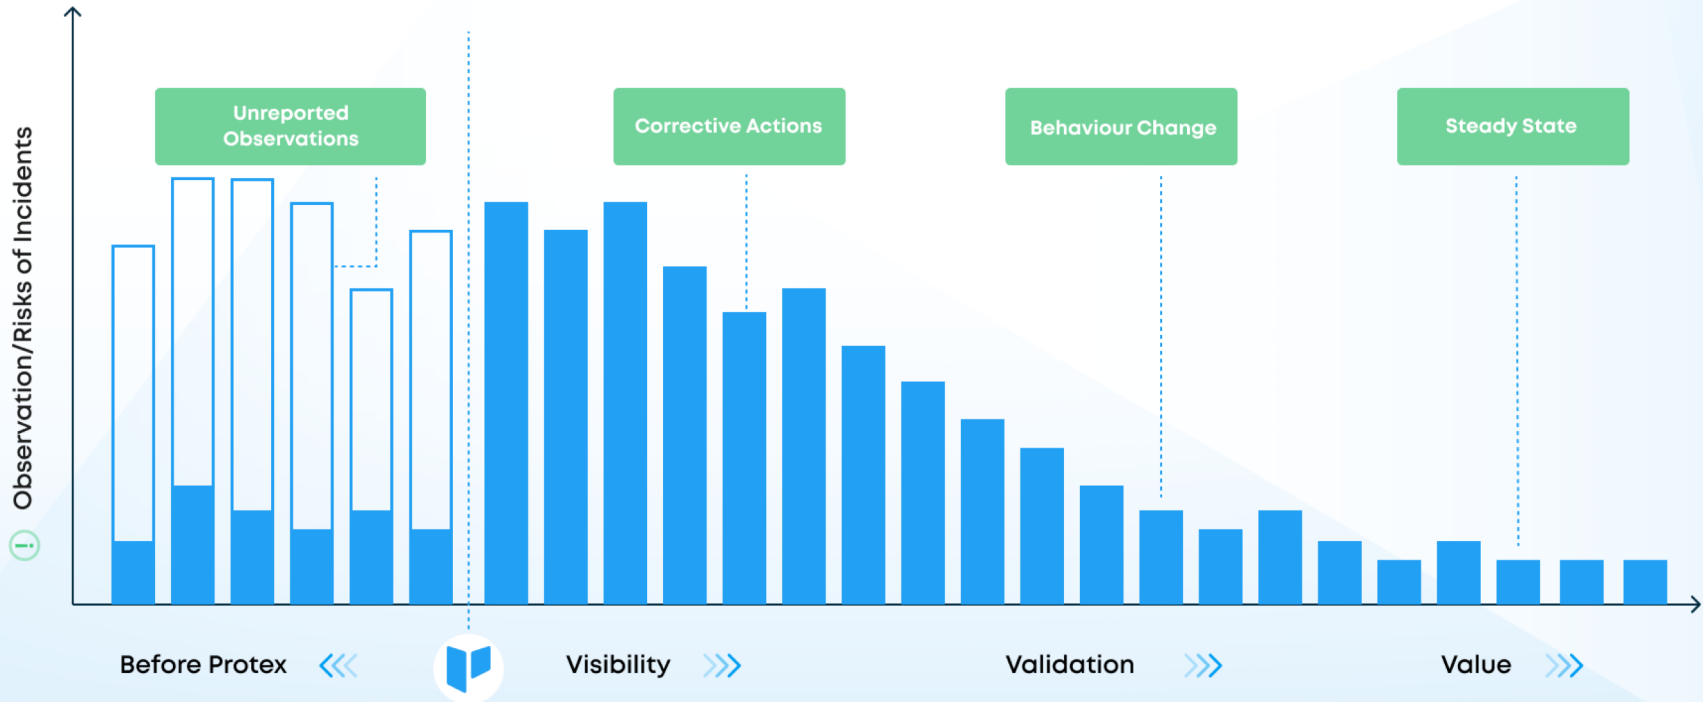

# Proactive v Reactive Safety

# Proactive v Reactive Safety

## Protex helping to keep events low +/-5% fluctuation from baseline

# Challenges to AI Adoption

## Privacy

of workers' data

## Infrastructure

across sites and facilities

## Openness

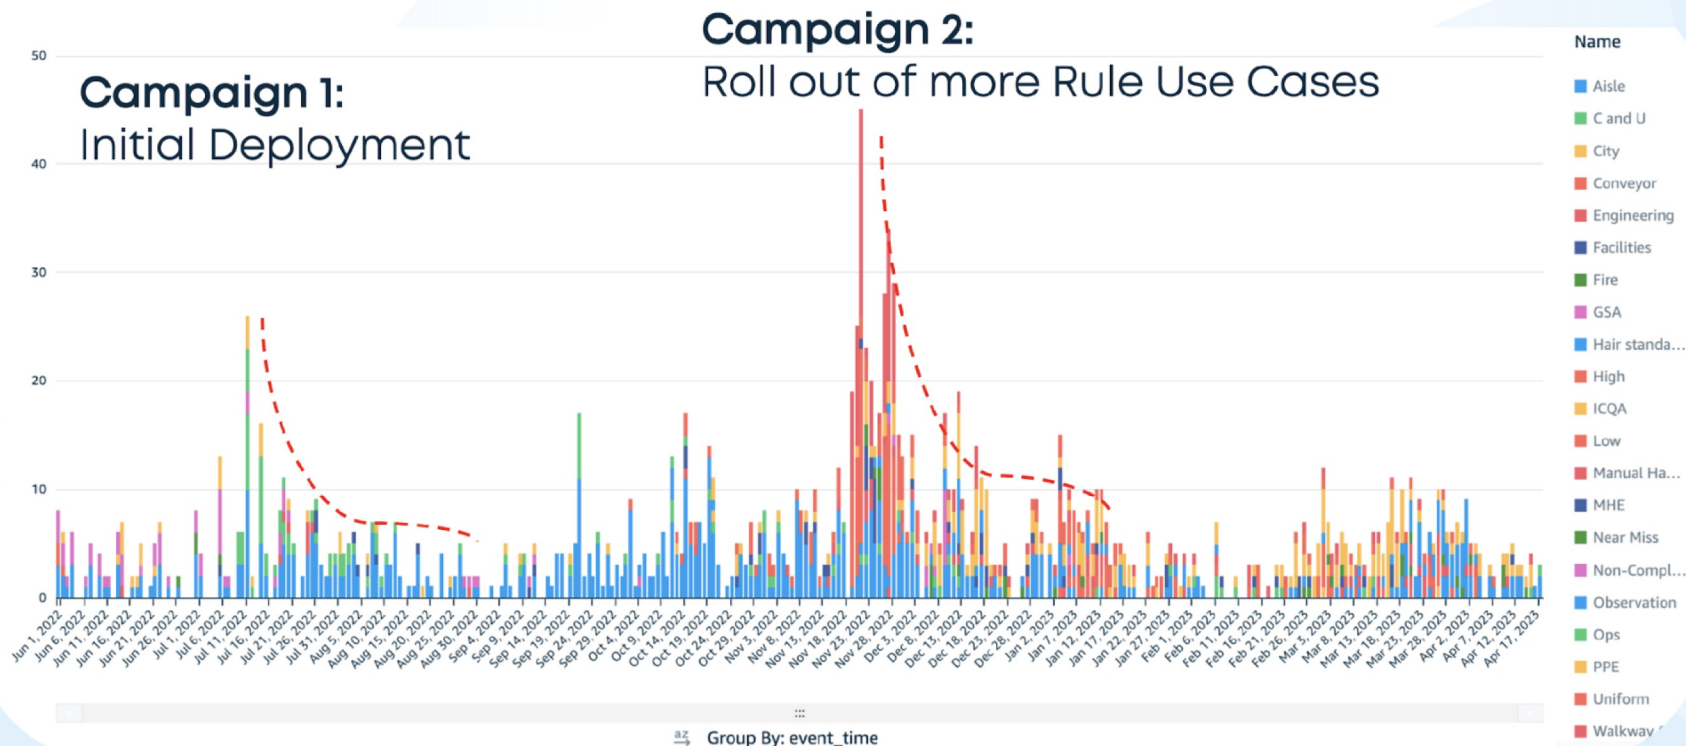

to adoption

# Privacy by Design

- De-Identified at Source
- No PII Identified
- Privacy Preserved

# Repeated Success by Reducing non compliance and Reaching the Steady State

# Thank you
